

WEBRAIL

Portable Fall Arrest & Tensioned Guardrail

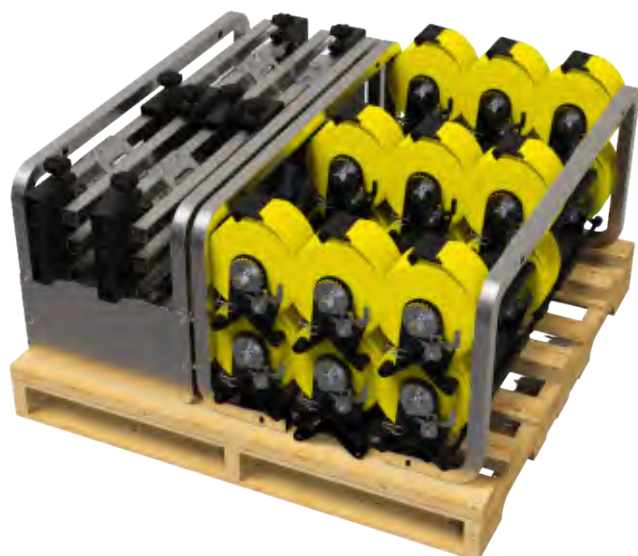

Through the use of our patented technology, the WebRail Safety System Kit is a revolutionary non-penetrating fall protection solution that simultaneously provides both fall arrest and passive protection for up to 4 workers per single span of webbing.

Kit conveniently comes packaged on a pallet with all necessary parts and either 180 feet or 360 feet of linear protection.

180 ft. Part ID: 72893
360 ft. Part ID: 73073

WEBRAIL
