PX5

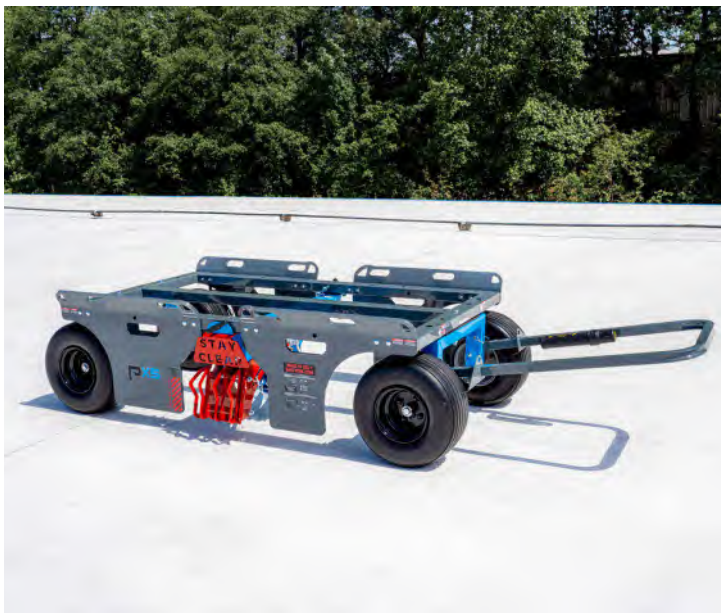

Penetrating Mobile Fall Protection Unit

Part ID: 72838A

Tie Down's groundbreaking PX5 ensures the security of up to seven workers, five in fall arrest and two in fall restraint, simultaneously. Weighing 50% lighter than the competition at under 550 lbs., the PX5 offers greater protection. Engineered with both front and rear braking, the PX5 is designed to effectively anchor itself in the event of a fall. Moreover, the 1st and 5th tie-off points are angled at 45 degrees, making the PX5 the sole system on the market tested at such an angle.

PX5

COMPLIANCE: OSHA 1926.502
ANSI/ASSE Z359.6-2009(D)
