SQUATCH

Part ID: 61010

Non-Penetrating Mobile Fall Protection Unit

Squatch, short for Sasquatch, is the bigger, stronger cousin to Tie Down's Big Foot. Its improved, innovative, and patented design protects up to four workers, two in fall arrest and two in fall restraint. Not only a "best-in-class" mobile fall protection system, the enhanced design allows for a 100 ft. Horizontal Lifeline application. Through the use of this pre-engineered HLL, the Squatch protects up to seven workers at a time, three in fall arrest and four in restraint.
